

Ironmen Student-Run Credit Union

Atomic Credit Union believes a solid and well-rounded education must also include real-world lessons. That's why we have partnered with 17 school districts located throughout Ohio to establish more than 35 Student-Run Credit Union Branches. Students are provided hands-on learning activities and job duties concerning Personal Finances and the Financial Industry.

At Jackson City Schools, we give our students the opportunity to experience hands-on financial education by participating in the Student-Run Credit Union. The students can open a FREE savings account and learn the importance of saving their money through this program. They can deposit money during open hours at the Ironmen Student-Run Credit Union or at any of the Atomic Credit Union branches.

Ironmen Student Run Credit Union opening times:

- Southview Elementary: Tuesdays during breakfast
- Northveiw Elementary: Thursdays during breakfast
- Westview Elementary: Fridays during breakfast
- Jackson Middle School: Thursdays during lunch
- Jackson High School: Tuesdays during lunch

If your child already has an account with Atomic Credit Union, they can participate! If they need a pouch or booklet they can stop by the Student-Run Credit Union to receive one. There are no financial restrictions with the Student-Run Credit Union program. For example, the students can deposit as little as a penny each week. Take control of your financial future by getting involved with the Ironmen Student-Run Credit Union TODAY!

To participate at your Ironmen Student-Run Credit Union please follow the link:
